Jared White

193 Hornsey Park Road, London, N8 0JX, United Kingdom
Email address: jared.white@open.ac.uk **Mobile:** 07704154121

Education

2014 – 2018: PhD at the University of Lancaster under the supervision of Professor Garth Dales and Doctor Niels Laustsen. Funded by the EPSRC.

Thesis title: *Banach Algebras on Groups and Semigroups*.

Date of award: 26th June 2018.

2010 – 2014: BA/MMath in Mathematics, University of Cambridge. Graduated in the top half of distinctions.

Employment

The Open University (Sept 2020 – present)
Associate lecturer.

London School of Economics (September 2025 – present)
Class Teacher.

King's College London (Oct 2019 – present)
Teaching assistant.

University of Buckingham (Jan 2023 – April 2023)
Visiting lecturer.

University of Lancaster (Dec 2020 – April 2021)
Lecturer in pure mathematics.

Peterhouse, University of Cambridge (Oct 2020 – May 2021)
College undergraduate tutor.

University College London (Oct 2019 – April 2019)
Demonstrator.

Laboratoire de Mathématiques de Besançon, Université de Franche-Comté (Sept 2018 – Sept 2019)
Postdoctoral researcher. Supervised by Professor Uwe Franz.

Research Interests

Operator theory, group theory, functional analysis, abstract harmonic analysis, Banach and operator algebras associated with groups and semigroups.

Other Activities

- Founder and organizer of an online research seminar entitled Groups, Operators, and Banach Algebras (April 2020 – July 2021).
- Invited speaker at NBFAS Lancaster in April 2024, in memory of Garth Dales.
- Invited speaker at university seminars: King's College London (Jan 2024), University of Glasgow (2018), University of York (2017).
- Invited speaker at LMS Prospects in Mathematics 2019, a two-day event for university maths students who are considering doing a PhD.
- Spoke at numerous national and international conferences, including UK Operator Algebras (Newcastle 2024), Noncommutative Harmonic Analysis (Delft 2023), Banach Algebras and Applications (2015 Fields Institute, 2017 Oulu, 2019 University of Manitoba, 2022 University of Granada), Abstract Harmonic Analysis (2015 Dalhousie University, 2018 National Sun Yat-Sen University), Groups and Operators (2016 Chalmers University).

Prizes

- Outstanding Teaching Assistant Award, Department of Mathematics, King's College London, 2022 and 2025.
- GTA (Graduate Teaching Assistant) Teaching Award, Department of Mathematics and Statistics, University of Lancaster, 2018.
- Dean's Award for PhD Excellence, First Year Category 2015: an award presented annually by the Faculty of Science and Technology at the University of Lancaster to a PhD student who has recently completed the first year, accompanied by a £1000 prize.

Skills

Coding

Able to program in Python and MATLAB, with teaching experience.

Languages

Native speaker of English. Fluent in French. Good knowledge of Russian. Some rudimentary knowledge of Japanese, Mandarin Chinese, and German.
